Lulu.com, United States, 2007. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Mooncursers takes place near Baltimore Maryland, during the early part of WWII. A story of two boys, each battling his own devils. Both are strengthened through adventure and the overcoming of self imposed guilt. They decipher a cryptic note and right an old wrong. All this in order to give new meaning to the life of an elderly lady living in an old Baltimore slum and to return to her what is rightfully hers. This is a story of boys who find young manhood and lifelong confidence through adversity, adventure and intrigue. Between these covers are other short stories for old boys and young men. Some will delight, drawing a chuckle and others to inspire thought. A few will leave an introspective question or two to ponder. One story is pure piffle. See if you recognize which one.
