It is really an incredible publication which I actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Biker Chick Books, United States, 2014. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.In 2007, Abby took a solo cross-country trip on her Harley-Davidson Softail. Leaving New Hampshire in July, she rode across the country with a laptop in the saddlebag so she could write a blog along the way. Riding and writing her way west along the northern route to the Pacific Ocean and then back a more southerly route, Abby covered over 8,000 miles in 23 days. When Abby decided to write the book, she felt that there was a more important story to tell leading up to the big trip. Men and women alike will enjoy the story of a woman s struggles in the biker culture of the 1980s and eventually pulling herself out of a dangerous relationship, drugs and alcohol. It s an easy read that s fun, scary, and inspirational and will have you wondering where you can go if you have the motivation.
