Would be wars and global conflicts have jump started the edges of technology to its next level of discoveries, where fantastic weapons and mythical monsters are now cohesive and very real. Such could be the case of the alleged Native American Indian s Sasquatch, or Bigfoot creature.as we usually identify them. There have been signs of life in the Pacific North West, where some of these giants seem to be out of control. Recent reports inform that they have endangered people and possibly attacked even each other. Enter the character of The Guy. He is a puzzling young man that arrives at Seattle, Washington with powers of his own to help find and rescue a group of missing boy scouts that are lost in the vast wilderness. He will come face to face with the fury of these monsters and perhaps even learn their true origin. Each struggle and each encounter will bring him one step closer to solving the mystery of the Yetis and their inherited factor.
