Reviews

This publication is fantastic. We have read through and I am certain that I will planning to read yet again yet again down the road. You won't feel monotony at any time of your respective time (that's what catalogs are for concerning when you request me).

The last four books are somewhat more comprehensive in their treatment of the phase of bacteriology considered. PERIODICAL LITERATURE. The magazine literature of the day often contains material that is more or less valuable for study. The appended list embraces the more important papers that have appeared in the popular and non-technical magiznes from 1815 to 1900. Many of them may doubtless be found in the files of the public libraries of most of the cities of the state. A number of subjects other than those specifically treated in the bulletin are included. The abbreviations of the magazines referred to are those usually employed in library references and hardly need any explanation. The volume number is given first, followed by a colon, then the page.
