The story of the phenomenal success of *The Ugly American* is well known. Lederer and Burdicks novelistic indictment of American ineptitude, indifference, and self-indulgence abroad inspired President Eisenhower to form a commission charged with investigating our Foreign Service. It influenced then-Senator John F. Kennedys later decisions to found the Peace Corps and the Green Berets. What has not been appreciated until now is the extent to which Lederer and Burdicks success rested on a carefully contrived myth surrounding the novels genesis and composition. This item ships from La Vergne, TN. Paperback.
