Hurst, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This fine-tuned monarchical resilience, Davidson argues, cannot be sustained for much longer. Immense internal pressures are building up and the pressure-cooker is about to explode. Davidson marshals an impressive array of evidence."-- Independent "An important account. . . It applies a rigorously constructed theoretical framework to a rich array of empirical data in order to assess the long-term survivability of some of the world's last authoritarian holdouts. For anyone interested in understanding the post-2011 Middle East, this is essential reading'. --Mehran Kamrava, Director of the Center for International...
