Brand New Book ***** Print on Demand *****.Approach your problems from the right end It isn t that they can t see the solution. It is and begin with the answers. Then one day, that they can t see the problem. perhaps you will find the final question. The Scandal of Father G. K. Chesterton. The Hermit Clad in Crane Feathers in R. Brown The point of a Pin . van Gulik s The Chinese Maze Murders. Growing specialization and diversification have brought a host of monographs and textbooks on increasingly specialized topics. However, the tree of knowledge of mathematics and related fields does not grow only by putting forth new branches. It also happens, quite often in fact, that branches which were thought to be completely disparate are suddenly seen to be related. Further, the kind and level of sophistication of mathematics applied in various sciences has changed drastically in recent years: measure theory is used (non- trivially) in regional and theoretical economics; algebraic geometry interacts with physics; the Minkowsky lemma, coding theory and the structure of water meet one another in packing and covering...
