Numen Books. Paperback. Book Condition: New. Paperback. 308 pages. Dimensions: 9.0in. x 6.0in. x 1.0in. Occult Traditions is the manifestation of the endeavours of scholars and practitioners alike exploring and challenging both historical and contemporary perspectives on the occult arts and sciences. The title of this book serves as a testimony for the occult acting as a designation of currents and traditions of esoteric philosophy, and magic as a participatory worldview manipulated as an instrument by the active person through the execution of the art and science of ritual, which is an extension grounded in the belief in magical powers within the self and other. Each page bears witness to aspects of occult traditions, which are in essence simultaneously meta-historical and dynamic, serving as an overall ordering force in service of the principles of the arcane correspondences that exist between the microcosm and the macrocosm. This book is an awakening to the occult reality that since the dawn of ages men and women have sought a glimpse of gnosis within the awesome natural performance of ritual, the slithering flow of the elements, the sensational sounds of the spheres, the iconic form of dreams undreamt and now awoken, the irrational whispering of mystical verses, the silence of contemplation, and the passion drenched erotic thirst for life, death, and rebirth. Thus, Occult Traditions invites the reader to journey along with the authors and conjurors, who have been generous enough to share their visions and gestures in this book, through various...
