Mi Mathematics serves two general purposes: firstly, it gives the detail that is lacking in the first title, Mi, where many of the coincidences presented there had to be taken on trust by the reader. Secondly, as the sequel it transforms the coincidences into true synchronicities exposing an intricate web of connections to events previously accepted as being separate. Mi Mathematics contains other details that go beyond the scope of the first book such as Unification Theory in the Epilogue which demonstrates that the Tridel factors have some connection to micro macrocosmic theories.
