Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Imagine holding history in your hands. Now you can. Digitally preserved and previously accessible only through libraries as Early English Books Online, this rare material is now available in single print editions. Thousands of books written between 1475 and 1700 can be delivered to your doorstep in individual volumes of high quality historical reproductions. The hard sciences developed exponentially during the 16th and 17th centuries, both relying upon centuries of tradition and adding to the foundation of modern application, as is evidenced by this extensive collection. This is a rich collection of practical mathematics as applied to business, carpentry and geography as well as explorations of mathematical instruments and arithmetic; logic and logicians such as Aristotle and Socrates; and a number of scientific disciplines from natural history to physics. The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: Some considerations touching the usefulness of experimental natural philosophy. Boyle, Robert, 1627-1691. Sharrock, Robert, 1630-1684. Edition statement: A second edition (since the first published June 1663). Edited by Robert Sharrock. Vertical half title: p. 417 (i. e. 399). Another edition (Fulton 51) is distinguished from this by naturall on the t. p. of v. 1. There seems little doubt that issue B was reprinted from issue A in 1671 and published (making with tom. II a complete work) in that year. -- cf. Fulton, J. Bibl. of Robert Boyle. Includes indexes. V. 2 has title: Some considerations touching the vsefvlnesse of experimental naturall philosophy . . . : the second tome, containing the...
